WORK EXPERIENCE

Befeni Limited   **Remote, Thailand**
Full Stack Developer   *Feb 2024 - Present*
- Collaborated with remote team members to successfully design and develop web applications for our fashion company, including shirt-selling websites, admin panels, and a production factory application, using various web technologies such as Laravel, Node.js, React, and Vue.js.

Brycen Myanmar   **Yangon, Myanmar**
Junior Web Developer   *Aug 2023 - Jan 2024*
- Actively participated in developing web application for Japanese warehouse management system using AngularJS and JAX-RS. I also conducted thorough testing to ensure the quality of the final product. Learnt new technologies to improve my skills as a junior web developer.

Brycen Myanmar   **Yangon, Myanmar**
Web Developer Internship   *May 2023 - Jul 2024*
- Completed an internship focused on React.js and Laravel, where I built a full-stack Laravel project from scratch.

KBTC School of Information Technology   **Yangon, Myanmar**
Japanese Lecturer   *Jul 2022 - Nov 2022*
- Taught Japanese N5 and N4 in both physical and online classes, while developing study plans and preparing lecture materials.

PROJECT EXPERIENCE

Freelance Projects
Promotor (A text-based management simulation game)   *Feb 2024 - Present*
- A desktop game app for managing wrestling matches, wrestler data, and simulating events using Electron.js, IPC, and SQLite as the backend. Worked primarily on implementing multiple user interface screens such as Rosters, Events, Wrestler Detail etc.

Personal Projects
Employee Management System   *Jun 2023 - Jul 2023*
- Independently did the development of a full-stack web app for managing employee information using Laravel and MySQL. Gained expertise in authentication, middleware, and SQL. Also handled testing, documentation, and ensured software quality throughout the project.

YCD Movies   *Apr 2024 - Jun 2024*
- Collaborated with a local development team I met online on a movie project, gaining my first team-based work experience. Focused on frontend development using React.js, Tailwind CSS, and Mantine, while integrating data from the MovieDB API. Implemented user-friendly designs for the application.

EDUCATION

BEHS 4 Hlaing   **Yangon, Myanmar**
High School Diploma   *Graduation Date: Dec 2016*

University of Information Technology   **Yangon, Myanmar**
Computer Science Third Year (Dropped out due to political reason of my country)
